JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact support@jstor.org.

It is not generally known either that this court exercised legislative as well as judicial powers, the most famous of its ordinances being the rules and regulations laid down for those engaged in the printing business. These and many other interesting points about this famous court are presented in the above work.

It also contains a very complete list of printed books on the subject, state papers and historical collections, together with a catalogue of the manuscripts in the British Museum, which make it a very valuable aid to those desiring to make a closer study of the subject.

THE LAW OF REAL PROPERTY. Being a complete compendium of real estate law, embracing all current case law, carefully, selected, thoroughly annotated and accurately epitomized; comparative statutory construction of the laws of the several states; and exhaustive treatises upon the most important branches of the law of real property. Edited by EMERSON E. BALLARD, editor of "Deed Forms Annotated," "Ballard's Real Estate Statutes of Kentucky," "Ballard's Ohio Law of Real Property" and one of the authors of "Ballard's Real Estate Statutes of Indiana." Vol. VIII. Pp. xxxii+888. Chicago: T. H. Flood & Company. 1902.

As the title shows, this is the eighth volume in the author's series on Real Property, his purpose being to keep the above excellent work abreast with the progress of the law.

The volume is based on the 3,392 cases decided since the publication of Volume VII, and brings the work right up to date. It is especially valuable to the profession because it devotes most attention to cases which contain learned discussions of, or collations of authorities, on important topics and novel situations, or which construe some new statute of general importance, instead of rehashing long settled principles or citing and applying local statutes.

Its accuracy and conciseness should render it a great saver of time to the busy lawyer.
